

IBRAHEM AWAD

Cybersecurity Graduate / Pentester / CTF Player

Amman, Jordan | +962799480380 | ibrahemawad678@gmail.com

LinkedIn: InIbrahim Awad | GitHub: Ibrahim-Awad

SUMMARY

Motivated Cybersecurity graduate with experience in securing web and mobile applications. Skilled in threat analysis, vulnerability assessment, and secure coding practices. Strong foundation in both technical security and software development, enabling the design and implementation of secure systems.

EDUCATION

Bachelor of Cybersecurity

Isra University, Jordan | 2021 – 2025

WORK EXPERIENCE

Front-End Developer | Infoseed Jordan

July 2024 – October 2024

- Developed and maintained web applications using Angular with a focus on performance and user experience.
- Integrated front-end components with CRM systems via RESTful APIs provided by the back-end team.
- Implemented WhatsApp integration features.

Freelance Developer | B2B E-Commerce App

Client Project | 2025

- Designed and developed a complete mobile e-commerce app and admin panel using React Native, React, ASP.NET, and Figma.
- Implemented secure backend infrastructure with intuitive UI/UX.
- Delivered a working product sold to a real client.

KEY PROJECTS

Face Recognition App (Graduation Project)

- Created a React Native + ASP.NET mobile app to gain unauthorized access to user accounts using facial recognition (with university permission).

Penetration Testing Script

- Discovered and exploited a university website vulnerability (with university permission).

Custom IDE

- Built a functional code editor similar to VS Code from scratch using C#.

Asymmetric Encryption Algorithm

- Designed a basic public/private key encryption system.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, C#, Python, SQL, HTML, CSS

Tools & Platforms: Kali Linux tool kit, Git, Postman, VS Code, Windows, Linux

Concepts: Secure Coding, OWASP Top 10

CYBERSECURITY TOOLSET

Frameworks & Pentesting: Burp Suite, Metasploit, Wireshark, SQLMap

Enumeration & Escalation: Nmap, ffuf, gobuster, enum4linux, smbmap, LinPeas, WinPeas, Linenum, Pspy

Cracking & Forensics: John the Ripper, Hashcat, Hydra, Steghide, Exiftool, Binwalk, Haiti, Stegcracker

CERTIFICATIONS & COMPETITIONS

- TryHackMe Certifications: Jr Penetration Tester, Cyber Security 101, Pre Security
- Competitions: ICPC Programming Competition, Zaytuna University CTF

LANGUAGES

Arabic (Native), English (Very Good)
